Nielton Didi

Software Developer & UI/UX Designer
Kuching Sarawak

Experience.

Frontend Developer Team Lead

Impact Business Solutions   Jun 2024 to Present

Led a frontend development team for mobile and web app projects, contributing to both development and UI/UX design. Managed task distribution, code quality, and team collaboration to deliver scalable solutions.

Node Js, Svelte, Typescript, Tailwind, React, Next Js, Flutter, Dart

Software Developer Team Lead

Impact Business Solutions   Jul 2023 to May 2024

Led a team of developers in web and mobile platform development. Managed tasks, code reviews, and cross-functional collaboration. Directed UI/UX design to enhance user experiences while staying actively involved in development.

Node Js, Svelte, Typescript, Flutter, Dart

Software Developer

Impact Business Solutions   Apr 2022 to Jun 2023

Developed full-stack web and mobile applications, managing both frontend and backend, including API integrations. Designed UI/UX for seamless user experiences. Collaborated with cross-functional teams to deliver scalable, high-performance solutions.

.Net Core, C#, Angular, Typescript, Dart, Flutter, MySQL, NGINX

Software Developer

Data Solutions Sarawak   Apr 2021 to Mar 2022

Developed full-stack web applications using .NET MVC to support company operations. Designed tools to improve workflows and efficiency. Collaborated with teams to create scalable, user-friendly solutions that boosted productivity.

.Net MVC, VB .Net, ASPX, C#, Javascript, Bootstrap, MSSQL, IIS

Software Developer Intern

Impact Business Solutions   Oct 2022 to Mar 2021

Assisted in developing full-stack web applications using .NET MVC for internal tools. Contributed to designing features that streamlined processes for the main product. Collaborated with the team to ensure functionality, quality, and performance.

.Net MVC, C#, ASPX, Javascript, Bootstrap, MSSQL
